INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Lincolnton Directory since 1959), present to subscribers and the general public, this, the 1967 edition of the Lincolnton City Directory, which also includes Boger City and Rural Route Residents. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Lincolnton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Lincolnton to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Lincolnton Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Lincolnton, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Lincolnton, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical

order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, and ZIP Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Lincolnton and vicinity.

The Lincolnton Out-of-Town Directory Library

Through the courtesy of the publishers of the Lincolnton City Directory, a Directory Library is maintained in the offices of the Lincolnton-Lincoln County Chamber of Commerce Inc., for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

LOCATION

Ideally located on the South Fork of the Catawba River and at the junction of North Carolina Highways 150 and 27, and United States 321, Lincolnton, the county seat and geographical center of Lincoln County,

is advantageously situated close to the heart of North Carolina's highly industrialized Piedmont area. Lincolnton, with a population of 5,699, is the only incorporated city in Lincoln County. It is in but not hemmed in by industrial expansion. While it enjoys plenty of room for growth, its quick and unimpeded access to the network of Federal and State public highways places it in an enviable location from both business and pleasure standpoints. A 12 minute drive south puts you on Interstate Highway 85 and a 20 minute drive north puts you on Interstate Highway 40.

Aerial View of Lincolnton

Lincoln County Courthouse

Lincoln County, 30 miles long and 10 miles wide covers an area of 308 square miles of rich rolling terrain. Of its 197,120 acres, 91.4 percent are in farmlands with 81.0 percent of its total acreage devoted to agriculture.

With Lincoln County's ever increasing mechanization of farms, more and more farm operators and their family members become available for employment in diversified industry each year. It is the goal of Lincoln County to develop its industrial potential and to provide jobs and subsequent economic betterment for its people who are now commuting to adjacent counties.

CLIMATE

Enhanced by an average altitude of approximately 900 feet and its close proximity to the mountains immediately westward which regulate extremes in heat and cold, Lincoln County enjoys an annual average temperature of 58.6 degrees F., a negligible snowfall annually measuring approximately 8 inches, and an annual average rainfall of 48 inches, and an annual average relative humidity of 66.5 percent. With a frost free growing season of 194 days, only 4 to 5 months of heating is required. Frost penetration is but three inches.

HISTORY OF LINCOLNTON

Lincolnton was already a cultural and commercial center at the time of the Revolution. Many of its fine, original homes still stand. Named for Benjamin Lincoln, who achieved fame at the time of Cornwallis' surrender to Washington at Yorktown, Lincolnton was settled in large measure by German and Dutch Protestants seeking religious asylum. Today, the county remains primarily Protestant; while its politics like that of other Southern communities is largely Democratic.

Historic Residence "Woodside"

A Typical Home

Lincolnton is the county seat of Lincoln County which originally embraced the present counties of Catawba, Gaston, half of Cleveland, and after 1779, a part of Burke; Lincoln was established along with Rutherford, out of Tryon in 1779, when that county was abolished, reportedly because the name of Governor Tryon had become odious to Revolutionary Patriots. Cleveland, Gaston, and Catawba were carved from this area but voted with Lincoln until 1854, when Lincoln was allowed her own representatives.

The Battle of Ramsour's Mill in June, 1780 was fought within the present city limits of Lincolnton. Had this battle not been fought, it is probable that America would be today an English Colony. This seemingly insignificant battle of which little note or credit has ever been given, changed the history of the world. It directly set the stage for the victory over the English at Kings Mountain and the subsequent surrender of Cornwallis at Yorktown, Virginia.

GOVERNMENT

Lincolnton is administered by a board of aldermen, a mayor, and a chief mayor, who are elected by the people. Lincoln County affairs are administered by a commission of five members, who are elected by popular vote of the citizens. Both boards comprise successful business men who make it their business to protect the rights of small business as well as large industry.

INDUSTRIAL POTENTIAL

As is the case with many counties whose county seat is its only or chief incorporate city, most of Lincolnton's industries lie immediately outside or relatively close to the present city limits. While the 18 textile firms dominate its economy with almost 3,000 workers, its 8 furniture plants running it a close second with over 900 employees, numerous other types of industries from hosiery to mining enjoy a most profitable existence.

LABOR

Within a fifteen mile radius of Lincolnton it is estimated that there are approximately 800 workers, easily trainable and in the productive age brackets, available for industrial employment. These people are native-born, highly intelligent, industrious, loyal and efficient with strong religious ties, the larger percentage are owners of modest homes or farms. Industry finds these people to be extremely conscious, stable, and thoroughly reliable citizens, readily adaptable to new industrial processes and capable of being quickly trained to perform complicated operations at high rates of production. Lincoln County enjoys the highest degree of tranquil employee-employer relationships. Lincoln County knows no labor unrest. Located in Lincolnton, the office of the Employment Security Commission of North Carolina offers every assistance to both present and prospective employers with regard to labor requirements.

Do Not Lend Your
CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CAUTION

 Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

STREET and AVENUE GUIDE

INCLUDING

TELEPHONE NUMBERS, HOME OWNER SYMBOLS
and ZIP CODES

1967

Including Boger City

Copyright, 1967, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol @ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code Number is shown immediately preceding the lowest street number in the new zone.

Figures in parentheses denote old numbers.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with the
latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising

aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising

tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising

conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising

recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

FAIR PRACTICE CODE
for ADVERTISING and SELLING
recommended by the ASSOCIATION OF
BETTER BUSINESS BUREAUS, Inc.

- I. Serve the public with honest values.
- II. Tell the truth about what is offered.
- III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.
- IV. Tell customers what they want to know — what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.
- V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.
- VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.
- VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.
- VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.
- IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.
- X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.
